Welcome to the 2023 N Salary Report

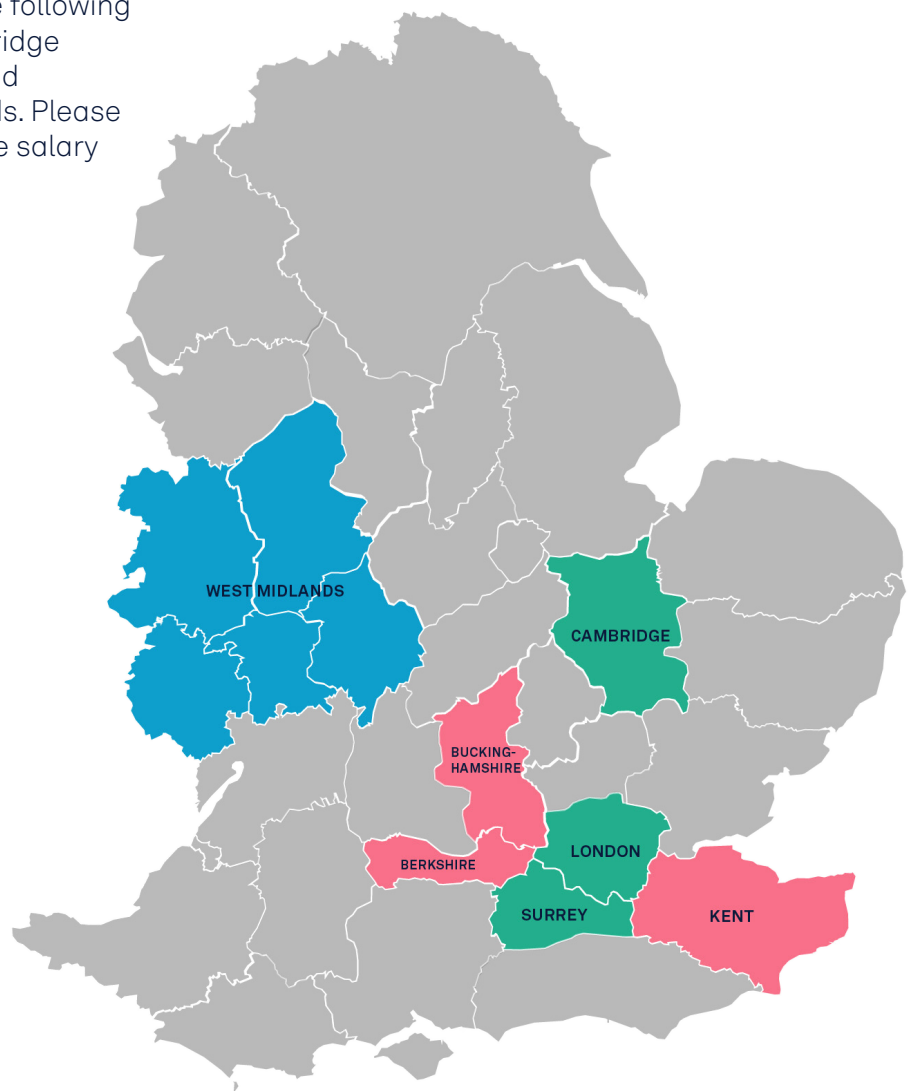

We know that our team do the most important job in the world and so we, as a business, are committed to paying them fairly. We pride ourselves on our market-leading salary & benefits package as we want to attract and retain the best talent across the sector.

That's why this year – as well as reviewing the market to make sure we're competitive – we've also taken on board feedback from our team about progression. We're so excited to unveil our 14 brand-new salary tiers, which will allow our team to be recognised and rewarded for their development more quickly, increasing their earning potential.

We're also acutely aware that many of our team have been, and will continue to be, profoundly affected by the current cost of living crisis. For 2023 we will be making a substantial investment to increase our nursery team salaries to make sure that everyone is able to cope financially, and to support their own families.

Our salary report is split into the following sections: London, Surrey, Cambridge and Reading; Kent, Berkshire and Buckinghamshire; West Midlands. Please see the relevant page to find the salary tiers that are relevant to you.
